Mr. Irv Drasnin
Drasnin Productions, Inc.
New York, USA

We are now in the process of considering positively your application for filming in China in June. Please inform us soonest the namelist of your filming crew, their passport numbers, the dates of their arrival and departure, and the flight numbers so that we can further consult the departments concerned for approval.

According to our preferential treatment for foreign public TV, you are required to pay not only for your own accommodation, transportation and filming fees (for some items only) during your stay in China, but also for the accommodation and transportation of our guide and interpreter. Meanwhile we will charge you 50 US dollars per person perdiem for the communication and liaison work.

If your application for filming is approved, we hope that you follow strictly your original plan when you start filming.

Your fax message of July 26 has been received. We are now very pleased to inform you that your application and plan to make a documentary for PBS in mid-September in China has been approved. However, we learned after contacting the departments concerned that it will be very difficult to film in universities and colleges. As for the estimated cost of your filming crew in China and the financial arrangements we have made for your crew, we informed you clearly by fax on May 6 and 8 respectively. Please confirm which method of financial arrangement is acceptable to you. In order to make a better arrangement for your filming, we need your reconfirmation of the namelist of your crew, the dates of your arrival and departure, as well as the flight numbers.
Regards.
